# EATON'S

**EXTENDS A CORDIAL WELCOME  
TO VISITING "MOTOURISTS"**

## **SAVE—ON ENGLISH BONE CHINA**

American visitors—you can save 70 per cent duty by taking home odd pieces or sets on the \$100.00 quota. You'll travel far to find a better selection than at Eaton's in Winnipeg. Beautiful ware from such famous potteries as Royal Doulton, Wedgwood, Minton, Royal Crown Derby, Aynsley, Cauldron. Also a wide range of English earthenware.

China Section, Third Floor, Donald.

---

## **INVESTIGATE THE DARWIN**

The razor, we mean, not the theory! It's the aristocrat of safety razors, from England. The razor that strops and hones in the box. Ask for a demonstration—

**UNIVERSAL MODEL**—with holder, guard and 2 blades. Chrome-finished case. Priced \$7.50.

**DE LUXE MODEL**—with strop and hone dressing. Stainless case. Price, \$9.00.

Jewelry Section, Main Floor, Donald.

---

## **TRAVEL ON BULLDOG TIRES**

They're noted for satisfaction! Guaranteed for 15 months.

**4-PLY HEAVY BULLDOG**—choice of 12 rim sizes, from 30 by 3½ at \$5.65 to 600-16 at \$14.50.

**6-PLY HEAVY DUTY BULLDOG**—15 rim sizes—from 450-21 at \$11.75 to 650-20 at \$24.50.

Auto Accessories Section, Main Floor, Hargrave.

**Improved****Pyroil**

In line with constant motor car improvement, Pyroil has, likewise, improved its formulation processes. (A NEW COLOR, too, now Dark Wine Red).

Pyroil fits lubrication to the exacting requirements of increased speeds; increased compressions; increased temperatures; increased friction.

Dangerous CORROSION can occur unknown in any Motor. It eats into the metal and can quickly ruin bearings and other parts.

PYROIL has the unusual ability to **STOP** Corrosion!

Metallurgically scientific tests and photomicrographs forcibly reveal this singular protective quality, in addition to reducing friction and heat, and decidedly increasing the film strength of Oil.

Insist on consistent Pyroil servicing of your motor. It is simply added to your regular gas, oil and grease.

PYROIL satisfies because it produces results.

## HOW TO ENTER CANADA

### Summary of Regulations regarding the Entry of Automobiles for Touring and Tourists

#### INFORMATION FOR TOURISTS

Inquiries should be directed to the Canadian Travel Bureau, Ottawa, Canada, a Dominion Government organization, provides a free information service.

#### CANADA WELCOMES TOURISTS

**Few Border Formalities.**—Canada welcomes the tourist with the minimum of border regulations and delay. The necessary formalities at the border ordinarily take but a few minutes. Bona fide tourists will experience no trouble and will receive every courtesy from the various officials. They simply report to the Canadian Immigration and Customs officers at the port of entry, answer the necessary questions, and obtain the requisite permit for admission of car and outfit.

**No Passports Required.**—Tourists entering Canada do not require passports. Decision regarding personal entry rests with the Examining Immigration Officer and as a general rule there is no difficulty or delay at the border. It is suggested, however, that the possession of identification papers will facilitate entry into Canada in case the examining officer should require documentary evidence to satisfy himself as to the bona fides of the tourist. Citizens of the United States by naturalization should be prepared to present their certificates of naturalization, and residents of the United States who are not citizens thereof should be prepared to present proof of their legal entry into that country.

**Note.**—Information regarding entry of persons into Canada, not covered by the foregoing, may be obtained from the **Department of Immigration and Colonization, Ottawa, Canada.**

---

#### RETURNING TO THE UNITED STATES

**Entering United States.**—On their departure from Canada, visitors from the United States may have to prove to the United States Immigration Officers that they have the right to be admitted into that country. To prevent possible difficulty in re-entering the United States, it is suggested that natives of that country have birth or baptismal certificates or affidavits from persons having knowledge of their birth in the United States, and that naturalized citizens carry their naturalization certificates. Persons not citizens of the United States who have been admitted into that country for permanent residence should have evidence of such admission; such persons may not remain in Canada more than six months without obtaining United States visas or re-entry permits. Identification papers bearing the visitor's signature or photograph are helpful.

**Articles Purchased in Canada.**—Under the United States tariff regulations, residents of the United States returning from abroad may bring into that country, free of duty, articles aggregating up to one hundred dollars (\$100.00) in value, acquired abroad for personal or household use or as souvenirs or curios, but not intended for sale. Such exemption from payment of duty shall not be allowed more than once in thirty days.

Each member of a family is entitled to this exemption of one hundred dollars (\$100.00). When husband and wife or parents and minor or financially dependent children are travelling together, such exemption may be grouped and allowance made without regard to which member is the owner.

All articles claimed within the exemption must, however, be declared to the United States Customs Officers. Examination will be facilitated if receipted bills for the purchases be presented.

### ADMISSION OF AUTOMOBILES FOR TOURING

Automobiles may be brought into Canada, under Tourist's Permit, by non-residents of Canada for touring purposes—that is, for purposes of health and pleasure only—for a period up to six months, without the payment of duty or deposit thereon,

An automobile is admissible only when brought in by and for the use of the owner or a member of his immediate family; except that a tourist may bring in for touring purposes an automobile not his own property, provided he is a non-resident of Canada and produces to the satisfaction of the Customs Officer a letter or other evidence from the owner of the automobile identifying the vehicle by motor and license numbers and stating that the person so bringing it in has his permission to use the automobile for touring in Canada.

**No Fees Required.**—It is absolutely unnecessary for a tourist entering Canada to pay any fee for an automobile entry permit or its extension, as Canadian Customs Officers will, without charge, assist the tourist in making out all forms.

**United States Licenses Valid.**—The tourist may drive his automobile under his State license for a generous period in every province in Canada. The period varies in the different provinces.

**General Directions.**—No difficulty or needless delay need be experienced by the motorist at the border if he observes the following:—

#### 1. Entering Canada:

- (a) Report to the Canadian Immigration Officer at point of entry into Canada. Foreign-born citizens and alien residents of the United States should be prepared to present credentials establishing their legal residence in the United States.
- (b) Report to the Canadian Customs at port of entry into Canada and obtain a permit for admission of automobile. Failure to report may result in seizure of the car. State license cards should be presented. **Do not fail to declare any articles or goods that may be subject to duty.**

#### 2. Leaving Canada:

- (a) Report to the Canadian Customs at a boundary port of exit and present your automobile entry permit for cancellation.
- (b) Report to the United States Immigration Officer at the point of entry into the United States.
- (c) Report to the United States Customs at port of entry into the United States and present State license card. All articles or goods purchased or otherwise acquired in Canada must be declared, whether exempt from duty or not.

**Entry for Forty-eight Hours.**—Automobiles may be entered at a Canadian boundary port of Customs for touring purposes for a period not exceeding 48 hours by the owner surrendering his State license card, which will be handed to him on his return. Should he

Phone 28 884

WINNIPEG, Man.

desire to leave at a port other than that at which he entered, he must obtain a permit at the port of entry as described in the following section—"Entry for Sixty Days."

**Entry for Sixty Days.**—Automobiles may be entered for touring purposes, free of duty or deposit, for a period of 60 days by obtaining a permit from the Collector at the Canadian Customs port of entry. The motorist fills in a form in triplicate with certain particulars regarding his car, such as make, style, value, serial number, motor number, body number, extra equipment and license number. He is given two copies of this form which constitute his permit and which he presents to the Collector of Customs at the port of exit when leaving Canada.

**Extension for Period up to Six Months.**—Should a motorist who has been granted a sixty-day permit afterwards desire an extension thereof, he may apply therefor to any Collector of Customs, who, upon being satisfied as to the bona fides of the applicant as a tourist and that the car will be used by him for purposes of health or pleasure only, may extend the permit for the further period applied for up to six months from the date of admission, without bond or deposit being required.

**Entry for Six Months.**—Should a motorist on entry to Canada desire a permit for a period in excess of sixty days, the Collector at the Customs port of entry, if satisfied as to the bona fides of the applicant as a tourist, may issue a permit for the period applied for, but not exceeding six months, under the conditions applicable in the case of admission for sixty days.

**Note.**—Collectors of Customs are not empowered to grant any extension or renewal of permit at the expiration of six months. Should an unforeseen delay occur, prolonging the time of stay in Canada beyond that period, the Department of National Revenue, Ottawa, should be communicated with at once.

A separate permit is not required for a trailer.

### ADMISSION OF TOURISTS' OUTFITS AND SPORTSMEN'S EQUIPMENT

Persons visiting Canada for a limited period of time, for health or pleasure, may bring with them such articles of tourists' outfits or sportsmen's equipment as they may require while in Canada for their own use and not for gain or hire, upon reporting same to the Customs Officer at the port of entry.

### NOTICE TO SPORTSMEN

**Hunting and Fishing Permits.**—The admission through Customs of rifles, guns and fishing tackle does not give right to hunt or fish, and sportsmen should acquaint themselves with the regulations regarding hunting and fishing licenses and the carrying of firearms and fishing tackle in the province they intend to visit.

## CANADIAN CUSTOMS REGULATIONS

In Reference to Canadians Visiting the United States  
for a period of 48 hours or over  
\$100 Exemption

### TRAVELLERS' BAGGAGE—EXEMPTION UNDER TARIFF ITEM 703 (b)

6. Tariff Item 703 (b) effective 2nd May, 1936, provides as follows:

- (b) Goods valued at not more than one hundred dollars included in the baggage accompanying residents of Canada returning from abroad after an absence from Canada of not less than 48 hours and acquired by them for personal or household use or as souvenirs or gifts, but not bought on commission or as an accommodation for other persons or for sale, under regulations prescribed by the Minister,

#### FREE—FREE—FREE

Provided that a resident of Canada shall not be entitled to the exemption herein granted within a period of four months from the date of the last exemption allowed, nor shall the exemption be allowed on alcoholic beverages in excess of one quart, or on tobacco in excess of fifty cigars, two hundred cigarettes and two pounds of manufactured tobacco.

The following regulations have been prescribed by the Minister:—

- (a) All goods in respect of which exemption is claimed shall be declared in writing on Customs Declaration Form E. 24, in duplicate, unless the total value upon which exemption claimed does not exceed \$5.
- (b) The exemption granted shall be limited to goods actually accompanying a returning resident of Canada and brought in by him as baggage at the time exemption is claimed, and shall not be granted to any person under the age of fourteen years.
- (c) A person who has been allowed exemption of less than \$100 on a previous occasion shall not be entitled to add to the amount of a subsequent exemption the difference between the amount previously allowed and full exemption.
- (d) Goods belonging to one person cannot be included in the exemption claimed by another.
- (e) Returning residents must state in their declaration in Canadian currency the price actually paid for all goods purchased abroad in respect of which exemption is claimed, and must state a fair market value for all goods obtained abroad other than by purchase, such as gifts. The purchase price or value stated is not necessarily the value for duty, but must be declared in order to assist the appraising officer in arriving at the correct value for duty. To facilitate appraisal invoices or sales slips should be presented where possible.
- (f) If personal effects or goods taken abroad be advanced in value or improved in condition while abroad by reason of repairs or alterations further than that necessarily incidental to wear and use while abroad, the cost or value of such repairs or alterations is subject to duty. Such cost or value may, however, be included within the \$100 exemption.

- (g) In cases where goods for which exemption is claimed have a combined value of over \$100, exemption is to be applied, where practicable, to the goods subject to the highest rates of duty.
- (h) All dutiable goods obtained abroad for which exemption cannot be allowed, must be entered at customs and duty paid in the ordinary course.
- (i) These regulations shall not be construed to be applicable to any goods the importation of which is prohibited, except as specifically provided for in Tariff Item 703 (b).

2. Section 3 of Memorandum Series D No. 12 is cancelled, and the following is substituted therefor:—

3. Cigars and Cigarettes in personal baggage of non-residents.—Fifty cigars or less, two hundred cigarettes or less and two pounds of manufactured tobacco or less, in open packages, or in cartons, found in the baggage of a traveller not being a resident of Canada, may be delivered free of duty.

**GOLDEN TO VANCOUVER****B.C. A GOLDEN****GOLDEN TO REVELSTOKE—**

The Canadian Pacific Railway will enable you to bridge the uncompleted section of the highway between Golden and Revelstoke by providing for the carriage of automobiles between these points from June 15th to September 15th.

The rates for carriage of automobiles are:

Wheelbase up to 115 inches	\$12.50
Wheelbase over 115 inches	15.00
Wheelbase over 125 inches	17.50
Plus \$1.00 service charge.	

Rates for automobile trailers not exceeding 6' 6" in height, 6' 10" in width and 25' in length:

\$7.00 for each trailer or house car not exceeding overall length of 6 ft. and an additional of \$1.00 for each foot or fraction thereof in excess of 6 ft. Plus \$1.00 service charge.

Automobiles should be delivered to the Company's agent at least 1 hour and 30 minutes before train time.

For further information enquire from your local agent.
